RE: petition filed by BellSouth Telecommunications, Inc. Petition, NSD-L-96-7 and public notice number DA 96-1190, CC Docket No. 96-159, which was released July 26, 1996

Dear Mr. Caton:

This letter is requesting that the Federal Communications Commission allow BellSouth to expand their local calling service in the Wilmington exchange, and a portion of the Scotts Hill exchange in the Wilmington LATA, and the Holly Ridge exchange in the Rocky Mountain LATA.

This service is needed due to the fact that we use the Wilmington exchange to call various doctors, businesses and family. The Regional Medical Center is also located in Wilmington. This hospital is the most widely used by the people in our area.

Thank you for your consideration to this request.

Sincerely,

Jim Batts - 329-0388

I think it is really crapy to have a Hampstead address and your children go to school there but it is long distance to call. And my family doctor for me and my child is long distance so if my child has a cold I have to pay the doctor plus the telephone co. to call the doctor.
